**3. Market Performance in May 2022**

YTD Sales volume for April 2022 was 7.4% higher than similar corresponding period year 2021.

Total Industry Volume (TIV) for May 2022 was 12% lower than April 2022 (which was at 56,213 units)

- short working month due to Hari Raya festive holidays
- shortage of chips & components and logistics delay disruptions continue to affect some makes.

**4. Outlook for June 2022**

Sales in June 2022 is expected to be better than May 2022.

- Impetus from sales tax exemption incentive for consumers to buy passenger vehicles (which is due to expire by end June 2022) and aggressive push for sales by car companies
- shortage of chips & components and the supply chain disruptions will continue to affect some makes.
